

1. Shaper Machine, Brand:Leader
Made In India (Brand)

Technical Specifications

Length of the Stroke	36"
Length of Ram without tool slide	66
Ram bearing in width	41
Ram bearing in width	12 1/2"
Tool slide traverse	10
Length of Cross slide	46"x12 1/2"
Width of cross slide	46"x12 1/2"
Horizontal Traverse of the table	32
Top Clamping surface of the Universal table	37"x18 1/2"
Number of speeds to Ram	4
Range of Speeds	12-22-38-52
Max. Distance from table to ram	20
Min. distance from table to ram	2
Size of the base plate	82" x 26"
Swivel vice width of jaws	10
Swivel opening of jaws	10
HP required	7.5
Approximate net wt.	2400 Kgs.
