1. Bevelling Machine Brand: PROMOTECH Model: BM-20 Made in Poland (brand new)

The BM-20 is a new generation, easy to use, portable, heavy duty machine designed for bevelling steel plates and pipes prior to welding. This bevelling machine is fitted with two milling heads each holding six inserts, allowing smooth operation and exceptional efficiency. One set of inserts can last for up to 2000 meters of bevelled steel edge and allows to work with an output around 1.5 meters/minute (depending on the amount of the metal being removed). The BM-20 incorporates many safety features. It has a state of the art electronic control module protecting the operator, the machine and tools. It is equipped with guide rolls, which make it easy and light to operate.

Technical Data

•Power supply: 1.1 KW, 230 VAC

Motor: Inductive with increased start-up current

•Motor speed: 2820 RPM

•Tooling: 2 milling heads with 12 square inserts

Standard angles range: 15-60°Weight: 20 kg

Complete With:

Pipe attachment: 1 no.Zero Deg attachment: 1 no.
