

CNC Vertical Machining Center machine, Brand: AMT Model: AMT640, Made In China (Brand new) Control: Fanuc Oi Mf type 5 controller, 16 arm type tool magazine.

### Technical Parameter

Table Size:	920x400mm
T Slot:	3-14-120mm
Max.load:	300kg
Travel:	X650x Y400x Z500mm
Dist. from Spindle nose to table:	120-620mm
Dist. From spindle center to column guide way:	475mm
Rapid feed X,Y,Z:	30/30/18m/min
Cutting feed X,Y,Z:	10000mm/min
Spindle taper:	BT40
Spindle speed:	40-8000rpm
Spindle power:	Servo 5.5kW
Positioning accuracy:	±0.005/300JIS
Repeat positioning accuracy:	±0.003JIS
Tool magazine capacity:	16pc
Max.tool weight:	8kg
Max.tool dimension:	ø130x300
Tool change time:	3/7s

### Standard Configuration:

- Taiwan Volis or Kenturn BT40-120-10000rpm synchronous belt spindle
- Spindle blowing
- Spindle front seal
- Germany FAG bearing
- TianJin coupling
- Germany Rexroth precision linear guide ways for x, y, z axis
- Taiwan HIWIN or PMI high precision ball screws
- Taiwan 16 arm type tool magazine
- BIJUR auto lubrication system
- Stainless steel protection
- Taiwan locking nut
- Rigid tapping
- Two water cooling, one air cooling
- Electrical handwheel
- Working lamp
- Alarm light
- DNC online processing
- Accessories such as Sizing block and foundation bolts etc.
- Manuals
- DELIXI electrical components
- Air gun
- Electrical magnetic door lock

### With:

Chain type chip conveyor, CTS 2Mpa, Oil cooler, Air conditioner, Transformer, Spindle BT40, Lubrication system, Working lamp, Full protection, Loose tool and broach Device, Cooling system Adjusting screw and sizing block, Inner hexagon spanner, wrench, Foundation bolts, Hexagon nut, Plain washer, CNC controller, Operation manual
